

## Wake Lankard

504-275-5859

[wakelank@gmail.com](mailto:wakelank@gmail.com)

46 Sylvan Ave., Tuckahoe, NY 1010107

## Objective

A junior web development position in a stimulating environment that will let me utilize my existing skill and develop new ones..

## Experience

### **IT CONSULTANT, SELF EMPLOYED – 2011-PRESENT**

Developed website for small business using WordPress and Javascript. Developed and maintained Excel business analysis scripts using visual basic.

### **ADVISOR – 2006-2011**

Developed dynamic web app using PHP and MySQL that stored and retrieved data from MySQL database to automate the generation of manufacturing and business reports. Represented the company at international manufacturing conventions. Analyzed prototype parts for mass production.

### **PROJECT MANAGER – 1999-2005**

Helped plan technical web component of marketing campaigns. Managed web and application developers. Managed the production of interactive web sites. Liaised with clients regarding web site development and production.

## Education

Completed Web Development Immersive course at General [assemb.ly](http://assemb.ly): In the 12-week, full-time Web Development Immersive course, I designed, built, tested, and put into production several fully functional, dynamic web apps that implemented CRUD functions and RESTful routing. I completed the projects both as an individual and as part of a team.

## Skills

Ruby, Ruby on Rails, Javascript, jQuery, HTML/CSS, PostgreSQL, MySQL, Backbone, RSpec, Jasmine, WordPress, MS Visual Basic, PHP.

Excellent verbal and written communication skills. Team leadership. Intermediate Japanese language.
